THE ORIGINAL TAKrag®

Medium tack cotton fabric

PRODUCT DESCRIPTION

THE ORIGINAL TAKrag® is the industry standard wipe used within any area for the removal of dust contamination. Combining premium woven cotton with a medium tack resin the Original TAKrag® provides excellent dust collection and retention.

The sealed seams minimise lint fall out for user confidence.

Multiple packaging options and a choice of wipe size are available to suit all user applications.

FEATURES & BENEFITS

THE ORIGINAL TAKrag® ensures excellent dust collection and retention with the added assurance of sealed seams to prevent lint fall out for user confidence.

The specially formulated resin ensures that Gramos TAKrags® will not dry out.

This general purpose TAKrag® can be used in any area for the removal of dust contamination prior to finishing operations such as painting, lettering, powder coating etc.

DIRECTIONS FOR USE

Minimal pressure should be applied, simply lightly wipe the surface to remove loose particles of contamination, and leave surface free of dust, lint/fibre and dirt.

SPECIAL STORAGE

Store in a dry place at ambient temperatures.

HEALTH AND SAFETY

Gramos TAKrags are not classified as hazardous products
Refer to Material Safety Data Sheet for further information.
